

Onsite Training Seminars

If you have a group of 4 or more people who need training, we have Onsite Training options available (groups of 3 or less require a Madison visit).

The Onsite Training seminars can range in length from 1 to 3 days, depending on number of attendees and topics to be covered. In addition, topics to be covered, support materials provided, and the schedule/agenda are tailored to meet the specific needs of your group, and are similar to the 3-Day Basic or 2-Day Advanced seminars.

The cost of Onsite Training seminars vary depending on the number of attendees and seminar's length.

For seminar registration or additional information:

Call **(800) 288-9383**

Fax **(608) 836-9044**

Email **sales@tcsbasys.com**

NOTE: In order to get the most benefit from the hands-on software training portion of the seminar, please bring a laptop PC with Wi-Fi or hard-wired Ethernet capability (wireless preferred). Ideally, the laptop should use Windows 95 or later, have a CD-ROM drive, and have at least one serial port. If your laptop does not have any serial ports, please bring along a USB to serial converter (available at most computer supply stores).
