

Lennox "L" series roof top units, LGA, LCA, and LHA, have a micro electric circuit board, and an integrated modular control (IMC). The terminal strip is shown below to interface with a standard thermostat.

Lennox TB1 Terminal Strip

IMC Terminal Description:

Terminal 8 = R (24VAC Power)

Terminal 3 = G (Fan)

Terminal 18 = Y1 (Cooling 1)

Terminal 12 = Y2 (Cooling 2)

Terminal 7 = Common

Terminal 2 = W1 (Heating 1)

Terminal 13 = W2 (Heating 2)
